

Intervention and Treatment Services

Individual Services

Fees for individual intervention and treatment services are dependent upon the professionals who are involved in the intervention or treatment service.

For Psychological intervention and treatment, services begin at \$100 per individual session (60-minute visit) with flexibility provided for individual financial circumstances.

Individual intervention from our speech and language services begin at \$60 per individual session (60-minute visit). Please contact the Child and Youth Development Clinic team to further discuss your specific situation and needs.

Group Services/ Workshops

Fees for group intervention and treatment services are dependent upon the professionals who are involved in the intervention or treatment service as well as the specific length of the treatment being offered (e.g., 6 weeks vs. 12 weeks).

The Child and Youth Development Clinic offers a variety of Workshops and Professional Development opportunities throughout the year. Please check our website under Events for more details.
